IMPORTANT NOTICE!

SEPTEMBER 30, 2008

FROM: BOARD OF DIRECTORS

TO: ALL TOWNHOME OWNERS

RE: RECOMMENDED SHINGLE SPECIFICATION

In order to help ensure Architectural Compatability and consistent Water Leak Protection and Wind Coverage, the Board of Directors has adopted the following **Recommended Shingle Specification** for Roof Patches/Repairs due to Hurricane Ike (this **Recommended Shingle Specification** is the upgraded model of the shingle that was used for re-roofing in 1995-1996):

RECOMMENDED SHINGLE SPECIFICATION:

Manufacturer – GAF-ELK

Model – Elk Prestique Timberline 30 (High Definition with Stain Guard)

Color – Shakewood

Wind Rating – 80 MPH

Warranty Rating – 30 Years

Stain Resistance Rating – 5 years

Note: Please contact the above letterhead contact addresses with any questions.
